How does the School treat sensitive information?

In referring to 'sensitive information', the School means: information relating to a person's racial or ethnic origin, political opinions, religion, trade union or other professional or trade association membership, philosophical beliefs, sexual orientation or practices or criminal record, that is also personal information; health information and biometric information about an individual.

Sensitive information will be used and disclosed only for the purpose for which it was provided or a directly related secondary purpose, unless you agree otherwise, or the use or disclosure of the sensitive information is allowed by law.

Management and security of personal information:

St. Mary's staff are required to respect the confidentiality of students' and Parents' personal information and the privacy of individuals.

St. Mary's has in place steps to protect the personal information the School holds from misuse, interference and loss, unauthorised access, modification or disclosure by use of various methods including locked storage of paper records and password access rights to computerised records.

This includes responding to any incidents which may affect the security of the personal information it holds. If we assess that anyone whose information is affected by such a breach is likely to suffer serious harm as a result, we will notify them and the Office of the Australian Information Commissioner of the breach.

It is recommended that parents and the school community adopt secure practices to protect themselves. You should ensure that all passwords you use are strong and regularly updated and that your log in details are kept secure. Do not share your personal information with anyone without first verifying their identity and organisation. If you believe any of your personal information has been compromised, please let the School know immediately.

Access and correction of personal information:

Under the Commonwealth Privacy Act and the Health Records Act, an individual has the right to seek and obtain access to any personal information and health records respectively which the School holds about them and to advise the School of any perceived inaccuracy. Students will generally be able to access and update their personal information through their Parents, but older students may seek access and correction themselves.

There are some exceptions to these rights set out in the applicable legislation.

To make a request to access or to update any personal information the School holds about you or your child, please contact the School Principal by telephone or in writing. St. Mary's may require you to verify your identity and specify what information you require. The School may charge a fee to cover the cost of verifying your application and locating, retrieving, reviewing and copying any material requested. If the information sought is extensive, the School will advise the likely cost in advance. If we cannot provide you with access to that information, we will provide you with written notice explaining the reasons for refusal.

Consent and rights of access to the personal information of students:

St. Mary's respects every Parent's right to make decisions concerning their child's education.

Generally, St. Mary's will refer any requests for consent and notices in relation to the personal information of a student to the student's Parents. St. Mary's will treat consent given by Parents as consent given on behalf of the student, and notice to Parents will act as notice given to the student.

Parents may seek access to personal information held by the School about them or their child by contacting the School Principal by telephone or in writing. However, there may be occasions when access is denied. Such occasions would include where release of the information would have an unreasonable impact on the privacy of others, or where the release may result in a breach of the School's duty of care to the student.

St. Mary's may, at its discretion, on the request of a student grant that student access to information held by the School about them, or allow a student to give or withhold consent to the use of their personal information, independently of their parents. This would normally be done only when the maturity of the student and/or the student's personal circumstances warrant it.

If you would like further information about the way St. Mary's manages the personal information it holds about you, or wish to complain that you believe that the School has breached its privacy obligations, please contact the School Principal Bronwyn Phillips. St. Mary's will investigate any complaint and will notify you of the making of a decision in relation to your complaint as soon as is practicable after it has been made.
